# TIER 2 SUPPLIER

## INTERIOR TRAYS

### AVIENT SOLUTION

OnFlex™ S EH 80A-3S7005 Thermoplastic Elastomer

### WHY AVIENT?

- Enabled easier processing than the incumbent TPE-v
- Eliminated pre-drying step and delivered pre-colored material, improving process efficiencies
- Met needs for low fogging ( $\leq 2$  mg) and low odor ( $\leq 3.0$ ) with low gloss finish

### LEARN MORE

### KEY REQUIREMENTS

- A low FOG material with low odor
- Low gloss finish
- Easy processability
